Overall Score: 33

Current Status: Needs attention

Summary: Your current snapshot suggests there are a few important areas that may need attention first

Pillar Summary

Habits & cash flow: Could be strengthened (2/3)

You appear to have some consistency already, but there is still room to make your monthly money flow

Protection & emergencies: Needs attention (0/3)

Your financial safety net may not be strong enough yet. Emergency reserves and insurance cover may

Investing behaviour: Needs attention (1/3)

You may still be at an early stage of investing or your current investments may not yet be organized around

Goals & clarity: Needs attention (1/3)

Your answers suggest that some of your future goals may still be unclear or not yet translated into a practical

Debt & obligations: Needs attention (1/3)

Your current debt or EMI commitments may be creating visible pressure on your monthly flexibility and
